INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (Publishers of the Belmont City Directory since 1941), present to subscribers and the general public, this the 1961 edition of the Belmont, Cramerton, Mount Holly and Stanley City Directory, which also includes Alba Town, Browntown, Catawba Heights, McAdenville, North Belmont, Springwood and Rural Route Residents.

Confidence in the growth of Belmont, Cramerton, Mount Holly and Stanley's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Belmont, Cramerton, Mount Holly and Stanley to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Belmont, Cramerton, Mount Holly and Stanley Directory will fulfill its mission as a source of authetic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of Belmont, Cramerton, Mount Holly and Stanley, arranged in alphabetical order under appropriate headings—a catalog of all the activities of these communities. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like Belmont, Cramerton, Mount Holly and Stanley, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major

07776

department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Belmont, Cramerton, Mount Holly, Stanley, Alba Town, Catawba Heights, McAdenville, North Belmont and Springwood and the name official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department printed on green paper. In this section the numbered streets are arranged in numerical order followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Belmont, Cramerton, Mount Holly and Stanley.

The Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Belmont, Cramerton, Mount Holly and Stanley Directory, a Directory Library is maintained at Belmont Chamber of Commerce for free reference by the general public. This is one of more than 1,000 Directory Libraries, installed in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Belmont is located in what is known as the South Point section of Gaston County. This section is formed by the junction of the South Fork River with the Catawba River. Belmont is the second largest town in Gaston County. Two hundred years ago this section was inhabited by thousands of the tribe of Catawba Indians, and it is from this tribe that the river which divides Mecklenburg and Gaston counties gets its name.

No section of Gaston County is richer in history than this section, in which Belmont is located. During the War of the Revolution, Major Wm. Chronicle, from this section, together with many from South Point, fought in the battle of Kings Mountain and in other important engagements of the war.

Many from this section, with family names now prominent in Gaston County, served in the Civil War. The same was true in the Spanish-American War of 1898 and the World War of 1917 and 1918, and of those who served in World War 2 and the Korean War.

An example of the rich history of this section is the monument, near Belmont, erected on what is alleged to be the spot where Nancy Hanks, mother of Abraham Lincoln, lived with her uncle, Dicky Hanks, during her girlhood, before marrying Thomas Lincoln and moving to Kentucky. The monument is of granite, and stands in South Point Township of Gaston County, a mile from Belmont, on the farm formerly owned by the late C. T. Stowe. It was erected by descendants of Mr. Stowe.

The Southern Railway built its road through this section in the early 1870's, and this hitherto agricultural section soon became a trading center of much importance. In 1878, leaders of the Order of St. Benedict, with Leo Haid as director founded a monastery here, which is known as the Belmont Abbey, and about that time this trading center was named "Garibaldi." In 1895, by an act of the General Assembly of North Carolina, Belmont became an incorporated town with a population of approximately 100.

Aerial View of Belmont

During the 65 years that have come and gone since then, the town has grown rapidly. In 1900 the population of Belmont was 145; in 1910, 1,176; in 1920, 2,941; in 1930, 4,121, and the Census of 1950, gave the town a population of 5,330.

This community, known as "Greater Belmont," has a population of approximately 12,000.

Belmont is primarily a manufacturing town. In its trade territory there are 30 manufacturing establishments, employing 6,500 men and women and having a payroll in excess of $15,000,000 annually. The majority of these plants are spinning mills. Others include a dye plant, a processing and finishing plant, a silk-throwing plant, a plant for the manufacture of men's hosiery, two plants manufacturing full-fashioned hosiery, a box factory, a lumber company and several knitting mills.

The products of most of these manufacturing corporations are sold in every country in the world.

Belmont has an aldermanic form of government, with a mayor and five aldermen elected at large. Its finances are in excellent condition, the town having taxable property amounting to $15,000,000 and with a tax rate of only $1.05 per $100.

Belmont has all the conveniences found in the larger cities. It has twenty-six miles of sewer line. It has 18 miles of paved streets completed. It has 2 miles of secondary streets; over ten miles of concrete sidewalks; a modern water system; adequate departmental equipment, including 2 modern fire trucks tractors, trucks and other accessories; a community house and recreational center; a modern athletic field, including parks, tennis courts, football field, baseball field, and a stadium with a seating capacity of 4,000, representing an expenditure of more than $2,000,000 in permanent capital assets of the city.

Belmont is especially proud of its school system, consisting of nine buildings. The magnificent new high school building, occupied for the first time, in the fall of 1940, cost more than $200,000. The system employs 142 teachers and has a total enrollment of 4,222 students. Four years ago Belmont citizens voted a supplementary tax for the operation of the nine-month term.

Numerous championship athletic teams and dramatic and forensic groups have been produced at Belmont High School and at Belmont Abbey. Two years after Belmont High School's band was organized, it won the national championship in its class at a national tournament in Richmond, Va., in the spring of 1941.

Belmont High School Band

While speaking of schools, it must not be overlooked that Belmont is a college town. For here are situated Belmont Abbey College and the Sacred Heart Academy and College for Women. Belmont Abbey is the oldest Catholic institution of learning in the South Atlantic states. It draws its students from throughout the North and the Atlantic Seaboard and from a number of foreign countries. An increasingly large number of students from Belmont and Gaston County attend this institution.

Sacred Heart Academy and College for Women is conducted by the Sisters of Our Lady of Mercy. It also numbers many Gaston County young people among its students. Both these institutions do two full years of college work.

Belmont Abbey is a Benedictine monastery, the abbot of which is an ordinary; that is, he has jurisdiction over the eight counties of western North Carolina akin to the jurisdiction of a bishop in his diocese. It is the only abbey of its kind in the U. S.

Because of the connection of the abbot-ordinary, the Abbey church is also a cathedral—the only abbey cathedral in the U. S. The stained glass windows in the Abbey Cathedral are from Myers Brothers studios in Munich, Bavaria. They are nationally-known because they were awarded the gold prize at the World's Fair in Chicago in 1892.

Of great historical interest on the campus of the Belmont Abbey College is the Slave Block (perhaps the only genuine slave block in the country). It is a round block of natural stone, measuring about three feet in diameter and about 4½ feet in length. Slaves were sold and exhibited on this stone in antebellum days.

Another point of interest on the Abbey campus is the Dutch Oven Bakery of the institution. This bakery has been in use for over 50 years, and the baking is still done in this old form of fireless cooking. Also of religious interest is the Grotto on the Abbey campus. It is an outdoor chapel recessed in the side of a hill in a rustic stone setting, a shrine at which religious services are held.

Nearly all the civic clubs have units or chapters in Belmont. The Belmont Rotary Club, the Belmont Kiwanis Club,

the Belmont Women's Club, also Belmont Lions Club, Optimist Club, the American Legion, the Legion Auxiliary, the Parent-Teachers Association, the Belmont Chamber of Commerce—these organizations are all working actively towards the building of a larger community and more worth-while city.

The citizens of Belmont are a church-going people. All leading religious denominations are represented here. Forty churches furnish the citizens ample places for worship. Each of these has an able and well-qualified man as pastor. These fine churches, with their large and loyal congregations, add much to attractiveness of the town, a convincing inducement for people to locate here permanently.

The American Legion Building is located on Park Drive. This beautiful building, complete in detail and furnishings, was donated to the American Legion by the Lineberger Foundation of Belmont, North Carolina. This structure serves as The Home of the Auten-Stowe Post No. 144, American Legion.

First Baptist Church of Belmont, N. C.

Civic Club meetings are held here and the building is frequently used for social gatherings of many groups and parties.

American Legion Building

All in all, Belmont is a wholesome, friendly community with a promising future to match its rich past. There is a spirit of cooperation among the people and the business of the community, the pride in the growth of Belmont's industries and varied institutions. There is a deep consciousness of the history of the town, and the people look confidently towards the future, feeling sure that the community will continue to prosper and grow.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Know Your Endorser

● The United States Secret Service has launched a "KNOW YOUR ENDORSER" Campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for froged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in your presence. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Don't Contribute to Counterfeiters

KNOW YOUR MONEY!

Don't Be Fooled by Forgers

KNOW YOUR ENDORSERS!

The Government Never Redeems Counterfeit Money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	**Counterfeit**—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	**Counterfeit**—Saw-tooth points around rim are usually uneven, broken off.
	Genuine—Saw-tooth points around rim are even and sharp.
SERIAL NUMBER	**Counterfeit**—Poorly printed, badly spaced, uneven in appearance.
	Genuine—Figures firmly and evenly printed, well spaced.
PAPER	**Counterfeit**—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY," which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D. C.

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"—RESIDENT

"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individuals's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av. cir, ter, etc., does not appear, the designation st is understood.

WHY A YELLOW PAGE SECTION?

*It is customary to include a Yellow Page Section in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1961

Including Alba Town, Browntown, Catawba Heights, McAdenville, North Belmont and Springwood

Copyright, 1961, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers when practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsiblity for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator: next, a double postal card was mailed and the telephone used when possible.

DIRECTORY ADVERTISING
BRINGS SATISFACTORY RESULTS!

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.

INSIST ON BEING WELL REPRESENTED IN ITS PAGES.
